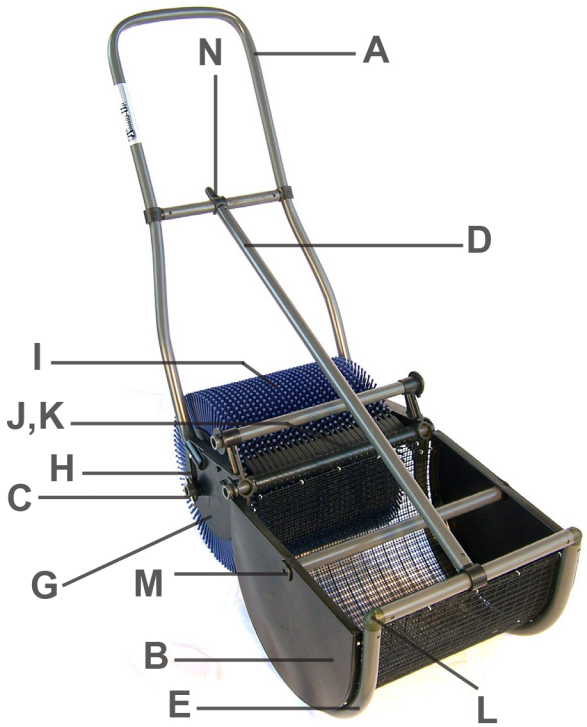
S0110		Pack of Dowel Pins ABS (10 each of 1” and 1.25”)

** Tools needed: hammer and #2 phillips screw driver **



To Assemble:

1. Remove screws from handle.
2. Insert handle (A) into both side brackets (H). Be sure the curve at the bottom of the handle is turned up.
3. Reinsert screws into pre-drilled holes.
4. Attach the stability bar (D) as shown with open end of part (N) facing down.

** Assembly videos can be emailed upon request **

Additional Info

- Actual pick up area is 14”
- The Ammo-Up will pick up brass rolling forward or backward, but will only be ejected into the basket while moving forward.
- To empty the basket, pull back the fitting (N) to disengage the stability bar (D) from the handle (A).
- While holding the stability bar (D) in one hand pointing up, lightly press down to spread open the basket supports (E).
- The basket (B) can then be removed by pulling up on the basket shaft.
- Satisfation guaranteed; all parts are warranted from manufacturer’s defects for one year from the date of purchase.
- Standard shipping charges will be added to order.
