To Assemble:

See attached assembly instructions referring to the photo above for corresponding letters.
** Assembly videos can be emailed upon request **

Additional Info

- Actual pick up area is 19”
- The Ammo-Up will pick up brass rolling forward or backward, but will only be ejected into the basket while moving forward.
- To empty the basket, pull back the fittings (N) to disengage the stability bar (D) from the handle (A).
- While holding the stability bar (D) in one hand pointing up, lightly press down to spread open the basket supports (E).
- The basket (B) can then be easily removed by pulling up on the basket shaft.
- Satisfation guaranteed; all parts are warranted from manufacturer’s defects for one year from the date of purchase.
- Standard shipping charges will be added to order.

** Tools needed: hammer, 7/16 wrench and #2 phillips screw driver **
